

## 2021 CFGV Community Grants Guidelines

**Overview:** Community Grants offers General Operating support to nonprofit organizations, and Project support to selected others (see Eligibility, below). Grant dollars are intended for direct impact on Gunnison County and its residents.

**Eligibility:** The rule that grantees must sit out a year after receiving three grants in a row has been once again suspended for 2021. This should not be interpreted to mean that it will be suspended permanently. Therefore, all past grantees are eligible to apply in 2021.

*Nonprofits designated as 501(c)3 (including those under fiscal sponsorship)* will apply for General Operating support. They do not need to have received prior funding from CFGV to be eligible. If you are a fiscal sponsor for another group, you may also submit an application for your own organization's operations.

Since General Operating support can be spent as needed on any of your organization's programs and administration, you will not describe how you expect to spend it.

The exception is *faith-based organizations*. They may only apply for Project support, and only for programs/projects with no religious message that are open and welcoming to anyone in the community.

*Gunnison County* entities may only apply for Project support. *Western Colorado University and Gunnison Watershed School District* may apply for Project support for programs/projects that serve the larger community, as well as their students.

*Collaborative groups* may apply for Project support to address a significant need that members cannot do on their own. This could include research into constituent needs, a facilitated collective impact planning process, or a program. Members may still apply for General Operating support for their own needs. Grants for collaborative activities will not necessarily be larger than those for individual organizations and the burden is on the participants to show that the proposed project could not be undertaken alone by any of the partners.

First-time applicants are strongly urged to talk with the staff before they apply.

**What You Will Apply For:** All 501(c)3 nonprofits will only apply for General Operating support for the period July 1, 2021 to April 30, 2022. You will simply ask for an amount; you will not specify how you will spend it. In your final grant report, you must, however, describe your programs that affect local residents and affirm that CFGV funds were spent on these programs and the infrastructure that made them possible.

501(c)3 Nonprofits based elsewhere will apply for General Operating support for their Gunnison County operations only.

Faith-based groups, public entities and collaborations will only apply for Project support. Public entities may only seek funding for projects/programs/activities that are primarily grant-supported. Because terminology varies widely we encourage Groups such as Gunnison County applicants to contact the staff before they apply.

**Amount of Request:** In the past, our maximum grants have been \$7,000. We suggest that you do not request more than \$7,000 without first checking with staff. For General Operating support applicants, your request may not be more than 50% of your total cash operating budget; for Project support applicants, your request may not be more than 50% of your cash project budget.

**What You Will Provide:** We urge you to review the list of required Uploads now, as some items may be difficult to secure at the last minute.

All applicants will provide:

- Contact information, numbers of people you serve, and summary information about the Group requesting funds.
- Your mission/purpose statement, description of whom you serve and why it matters. General Operating support applicants will describe what you do, the impact of COVID-19 on your organization, the impact you have made and what changes (if any) you envision in the year ahead. Project support applicants will describe the nature of the Project in detail and how it will be assessed. We ask that you use as much data (numbers) as you have available when you describe these things. Generalities are not helpful to your case.
- Selected financial information, and, for nonprofits, evidence that they are compliant with Colorado Secretary of State filings.
- Two uploads of your choice to amplify narrative information or illustrate the excellence and impact of what you do; this could be an annual report, video, slide show, etc.

Groups under fiscal sponsorship, Western Colorado University, Gunnison-Watershed School District and out-of-County entities that do not have an office or regular staff presence in Gunnison County will provide additional items.

**Who Signs Your Proposal:** Applications must be signed by an individual who is authorized to sign grant proposals on behalf of the Applicant or Group.

**Deadline and Review Process:** The online application deadline is 11:59 pm on May 15, 2021. There are no extensions. You will learn whether you are funded or not around July 1, 2021.

**Resources to Assist You:** [Here](#) you will find resources that may be of interest, including a template for designing and describing your evaluation process, and a budget template that may be of special value to public applicants such as Gunnison County or Western Colorado University.

For questions about application content or the review process, contact Maryo Ewell, 970-641-3570, [maryo@cfgv.org](mailto:maryo@cfgv.org); for questions about the online application/technology, contact Alicia Corliss, 970-641-8837, [alicia@cfgv.org](mailto:alicia@cfgv.org).
