

2021 CFGV Community Grants Reviewer Scoresheet

Total possible points: 60

1. Clarity about the population served, the need, and why it matters: up to 20 points
2. Clarity about the applicant's activities: up to 20 points
 - a. For General Operating Support applicants, consider, for instance, the clarity of their mission, what the applicant does, and whether it has been an effective organization to date in responding to the needs they identified
 - b. For Project Support applicants, consider, for instance, the clarity of their purpose statement, the clarity of their proposed Project idea, and whether the Project responds to the needs they identified
3. Viability in the coming year: up to 20 points
 - a. For General Operating Support applicants, consider, for instance, whether they appear to be a stable and responsible organization; and whether they are responding realistically, constructively and creatively to the impact of the COVID-19 pandemic
 - b. For Project Support applicants, consider, for instance, whether the Project appears to be one that can and will be managed effectively, and whether it will have the impact that they seek to have
